500 AMERICANS QUIT MEXICO CITY; 300 STILL THERE

150 Started for Vera Cruz Last Night on the "Box Car Special."

By Robert H. Murray.

Special Cable Despatch from a Staff Correspondent of The World.
MEXICO CITY, June 23 (via Galveston).—After days of delay a special Vera Cruz bound train provided to carry Americans on the first stage of their journey from Mexico City to the United States departed to-night at 7 o'clock. The train will proceed to-night only as far as Apizaco, a two hours' run from here, and will remain there until daylight before continuing.

When the train finally got away on its journey of two hundred and sixty miles to the coast, the half dozen box cars and cabooses which composed it held only about one hundred and fifty men, women and children instead of the four or five hundred which it was expected would take passage in compliance with the urging of the State Department that all Americans in the capital who could should quit Mexican territory.

Various reasons contributed to diminish the list of passengers on the special. Nearly one hundred persons went to Vera Cruz yesterday aboard the regular train over the Mexican Railway. About as many more obtained accommodations on to-day's regular train. Others decided to remain in the city on the chance that room would be found for them later in the week on regular trains or that circumstances would develop which would render it unnecessary for them to turn their backs on the capital.

It is estimated that probably between 450 and 500 Americans have gone from Mexico City to Vera Cruz since Sunday. Others have sought an outlet from the republic on northern bound trains to Eagle Pass. Three hundred would be a fair estimate of Americans remaining in the capital to-night.

The bulk of these are disposed to stay here unless directed to leave by Mexican authorities of which contingency there is at present no prospect.

Acting Consul General Joseph W. Howe opened the Consulate at sunrise to-day for the purpose of supplying tickets to intending passengers on the box car special. Instead of being overwhelmed by the expected rush of applicants the clerks found little difficulty in handling the Americans who applied for tickets. They came singly or in small groups and inside of two hours all who desired tickets had received them. Those who could afford to pay for their passage did so while indigent persons were not only furnished with tickets at the expense of the United

States Government, but were allotted reasonable sums for expenses.

Scores of Americans who applied for tickets yesterday failed to claim their reservations to-day. It was noticeable that although multitudes of Mexican idlers were attracted about the station by the commotion and bustle of the departing travelers, not the slightest hostile demonstration was offered. On the contrary, many Mexicans volunteered to assist Americans to place trunks and bags aboard the train. All travelers brought ample food and other necessities with them. Some carried blankets in anticipation of a slow run over the plateau and down the steep mountain grades to Vera Cruz, which would prolong the journey over night.

Mexican peddlers drove a brisk traffic in the sale of small rush-bottomed chairs for use in benches cars. Women and children were given separate cars where they quickly disposed themselves as comfortable as possible with trunks for seats which were cushioned with rugs and blankets. It was a cheerful crowd in the main, although many manifestly were saddened at leaving behind homes of years standing and the city which they had grown to love. Midday approached and passed while mechanics sought to tinker up the balky locomotive which had been told off to haul the train. It was tedious waiting in the hot station, but the crowd bore it with commendable patience. Confusion in orders detained arrival of the escort which was supposed to accompany the train. Plans were made that the train proceed without guard, but it was deemed prudent to hold it until the escort came.

The bulk of these are disposed to stay here unless directed to leave by Mexican authorities of which contingency there is at present no prospect.

MEXICO CITY QUIET; "FIRST CHIEF" GETS MANY OFFERS OF AID

Public Not Excited Over the Fight Which Took Place at Carrizal.

WASHINGTON, June 23.—Mexican Embassy despatches to-day said news of the fight at Carrizal was received in Mexico City without demonstration of any sort.

"Absolute quiet prevailed in the city, and from all outward appearances it was impossible to discern that the nation was facing a serious situation," the message said. "There was marked activity among both the civilian and military officials of the Government."

The despatch declared that the encounter between the two forces was accepted by the people as a justification "of the action of the Mexican forces, as there is a restive sentiment which had developed over the long, unwarranted stay of the foreign troops in the country. Numerous telegrams declaring adhesion to the Carranza Government and personally to the First Chief were received."

The Embassy also was informed that a number of concessions for the construction of railways, granted by the Huerta Administration, have been declared cancelled by the Constitutional Government in accordance with a decree issued by the Carranza Government early in the revolution.

GEN. O'RYAN TAKES OATH WITH STAFF TO U. S. AND STATE

National Guard Head and Officers First to Act Under the New Law.

(From a Staff Correspondent of The Evening World.)

STATE CAMP, PEEKSKILL, June 23.—Major General John P. O'Ryan and the members of his staff this afternoon took the new oath of allegiance to the Federal Government as well as to the State. The oath reads as follows:

"I, —, solemnly swear that I will support and defend the Constitution of the United States and the Constitution of the State of New York against all enemies, foreign and domestic; I will bear true faith and allegiance to the same; I will obey the orders of the President of the United States and the Governors of the State of New York. I make this obligation freely and without any mental reservation or purpose of evasion, and I swear that I will well and faithfully discharge the duties of the office of — in the National Guard of the United States and of the State of New York upon which I am about to enter, so help me God."

Major Gen. O'Ryan was sworn in by Major William H. Steers of the Medical Corps of the National Guard attached to Division Headquarters, who had qualified to administer it by taking it himself this morning before a notary public.

Major Gen. O'Ryan then administered the oath in turn to the following members of his staff: Col. William H. Chapin, Inspector General; Lt. Col. Nathaniel H. Thurston, Ordnance Officer; Lt. Col. Franklin W. Ward, Adjutant General and Intelligence Officer; Lt. Col. Edward Olmstead, Adjutant General and Chief of Staff; Lt. Col. William S. Terriberry, Chief Surgeon; Major Frederick M. Waterbury, Ordnance Officer; Major Alan L. Regan, Inspector General, and Capt. Thomas M. Sherman, Infantry Aide.

BAKER ORDERS ALL MILITIA TO BORDER SOON AS POSSIBLE

only a part of the available Guardsmen at present, and officials would not disclose whether news of any important developments in Mexico had caused the step.

The Department of the East was notified by the War Department to-day that as soon as militia organizations under its control were ready they would be dispatched to the border "without a moment's unnecessary delay." Col. Charles R. Noyes, chief mustering officer at Governor's Island, received to-day from the War Department this telegram:

"When a mustering officer reports that an organization which has been mustered into the service is equipped for field service we will communicate with Gen. Funston at the border, ascertain where that organization shall be sent and arrange for its departure without a moment's unreasonable delay."

Reserves Called to Disperse Striking Tailors.
Five thousand striking tailors collected in Fifth Avenue at 1:30 o'clock between Forty-seventh and Fifty-second Streets, held up traffic for about twenty minutes, and were dispersed by seventeen reserves under Acting Capt. Raynor from the East Fifty-first Street Station.

TREVINO BLAMES U. S. MILITARY MEN FOR ALL TROUBLE

Carranza General Says They Never Respected the Feelings of Mexicans.

CHIHUAHUA CITY, Mexico, June 23.—Criticism of American military men, who, he said, have caused all the trouble between Mexico and the United States, was made by Gen. Jacinto Trevino, Military Commander of the Northwest, in an interview with the Associated Press to-day.

"The American military has disobeyed the orders of its own chiefs, has never respected the feelings or the property of Mexican citizens and has contemptuously ignored the disposition of the Mexican Government," declared the General.

"I do not want war," added Gen. Trevino, "and I am doing my utmost to control the situation, but if war is forced on the Mexican nation by the Americans, I am ready to do my duty, to uphold the honor and dignity of my country."

From Col. Zuanua at Namsiquipa, Trevino reported that the Namsiquipa base has practically been abandoned and the Americans have given the ranchers more than 200 rifles that were taken from the Villa bandits. Gen. Trevino is still treating with Contreras, Hernandez and other Villa leaders to come in and help expel the invaders.

Naval Militiamen Can't Join Guard

Marine Service to Be Kept Intact at Request of Secretary Daniels.

ALBANY, N. Y., June 23.—The Naval Militia will be maintained intact, despite the desire of many of its members to be transferred to the National Guard for service along the Mexican border. Gov. Whitman received to-day from Secretary of the Navy Daniels a telegram reading as follows:

"The department learns of the desire of certain Naval Militia enlisted men to join the militia land forces in consequence of the call of the President. I urge that you reduce such transfers to a minimum, as the Naval Militia has been trained at great expense to the Federal Government for naval purposes, and this force should be kept intact."

In accordance with your telegram, I have directed that no transfers be made from the naval militia to the militia land force of the State of New York."

WAR INEVITABLE, MEXICO DECLARES IN NOTE TO PERU

Warns All Latin Republics They Would Be Affected by a Conflict.

LIMA, Peru, June 23.—A lengthy note from the Mexican Minister of Foreign Affairs was received to-day at the Foreign Office. It set forth the opinion of the Mexican Government that war with the United States was inevitable, on account of the methods employed by the American Government, and pointed out that all the republics of Central and South America would be affected by a conflict.

The Peruvian Government returned a carefully worded reply, couched in friendly terms, and expressing the hope that peace would be maintained.

RIO JANEIRO, June 23.—The crisis between Mexico and the United States is being followed with keen interest in the newspapers. The general tone of the editorial comment is that President Wilson, while actuated by the best motives, has run afoul of preponderating elements in Mexico which are under German influence.

In official circles hope is expressed that war will be avoided, but it is fully recognized that the continued disorders in Mexico must end in a situation so that the peaceful development of the peoples of America may be assured.

SIX HURT IN CAR SMASH.

Collision on 14th Street Line When New Motorcar Loses Control.

James Montague, the motorcar of a Fourteenth Street cross-town car, was arrested, charged with assault, to-day, following the injury of several passengers in a collision between the car and a truck at Eighth Avenue. Montague was instructing a new motorcar named Kennedy when the latter lost control of the car.

The injured are Joseph Kennedy of No. 318 West Forty-ninth Street; Morris Goldstein of No. 373 Central Avenue, Brooklyn; David O'Rourke of No. 78 Ames Street, Astor, Alameda, of No. 184 Orchard Street, Pashle Taghino of No. 646 East Twelfth Street, and Frank Lesser of No. 203 East Tenth Street. Kennedy received a fractured skull and was taken to Bellevue Hospital. The other passengers' injuries were treated at the scene of the accident and went home.

71ST WILL LEAVE FOR CAMP WHITMAN SUNDAY MORNING

The Second, From Up-State, Will Reach Mobilization Ground Same Day.

(From a Staff Correspondent of The Evening World.)

STATE CAMP, PEEKSKILL, June 23.—Two more regiments of the New York National Guard—the Seventy-first of New York City and the Second, which has its headquarters at Troy, will move to Camp Whitman, at Beekman, next Sunday morning in response to orders issued here to-day by Major Gen. John F. O'Ryan.

This disposes of the rumor that the Seventy-first might go straight to Mexico without spending any time at the concentration camp. It was stated at headquarters here to-day that to send men on active service with no preliminary hardening and training would be nothing short of criminal. Officers cite Lord Kitchener's dictum that it takes six months to make a thoroughly efficient soldier from an untrained man.

The Second Regiment is made up of the following companies: A, C, and D of Troy; H of Cohoes, E and F of Schenectady, G of Gloversville, H of Amsterdam, I of Whitehall, K of Glen Falls, L of Saratoga and M of Hoosick Falls.

The regiment is in command of Col. James M. Andrews, a West Point graduate, who has seen service in the Fifth United States Cavalry and, during the Spanish-American War, with the Second United States Infantry.

Col. William G. Bates, in command of the Seventy-first, also saw service in the war with Spain.

Col. Merritt Smith to-day appointed as chaplain of the First Field Hospital the Rev. Herbert Shipman, pastor of the Church of the Heavenly Rest, New York City, succeeding Rev. Thomas Sherman, the son of Gen. Sherman.

The Fourteenth Regiment of Brooklyn leaves to-morrow for Peekskill, where it will have a week's training at the old camp ground, particularly on the rifle range, before proceeding to Camp Whitman.
